Reservation Options

1 – Free Table Reservations: The easiest thing to do for most groups under 50 is to book a couple tables free of charge and do a cash bar. We pick your table size and location for this option but we will do our best to accommodate requests. It will most likely NOT be enough seats for your guests to all sit at once, but most people don't do much sitting at Emporium!

2 – Section Rentals: We have semi-private sections of various sizes available. We will find the best space that fits your group. We can also reserve specific table locations and sizes for a rental fee.

3 – Full Buyouts: Recommended for company parties/meetings, weddings, and similar events. Want to throw something truly special? We can accommodate groups with up to 500 guests! We're happy to work with you for groups during both standard and non-standard operating hours. Our best pricing is Sunday – Wednesday. Contact us at emporiumchicago.com/groups to set up a site visit.
